- **Frontend Developmen:** UI/UX design, Figma, Responsive Design
- **Software Development:** Agile methodologies
- **Version Control & IDEs:** Git/GitHub, Visual Studio Code
- **Cloud & Deployment:** Microsoft Azure
- **Soft Skills:** Problem-solving, communication, time management, leadership , teamwork and collaboration

Education

Eastern Mediterranean University

Famagusta, North Cyprus

BSc in Software Engineering

Sep 2021 – Jul 2025

- Awarded Best Graduation Project Certificate
- ABET Accredited. Relevant courses: Data Structures & Algorithms, Image processing, Client/Server programming

Projects

Secure Teams-Like System (STLS)

Sep 2023 – Jan 2024

- Developed a Teams-inspired secure communication system.
- Collaborated in a team as part of the frontend development group.
- Designed a user interface for actors including Students, Teachers, and Admin.
- **Technologies used:** HTML, CSS, JavaScript, DES encryption .

Personal Portfolio Website

2026 – Present

- **GitHub:** github.com/Nadaai/Nada-Portfolio
- Designed and developed a personal portfolio website to showcase software engineering projects, technical skills, certifications, and achievements.
- Implemented frontend components using HTML, CSS, and JavaScript.
- Structured the website to highlight academic projects, including an award-winning graduation project. .
- **Technologies used:** HTML, CSS, JavaScript .

People Detection & Counting System

Feb 2025 – Jun 2025

- Built a smart surveillance system that detects and counts people in images, video, and live camera feeds.
- Designed the frontend interface and contributed to system integration and report design.
- Achieved recognition as **Best Graduation Project** in the department.
- **Technologies used:** YOLO, OpenCV, Flask, HTML, CSS, JavaScript

Volunteer Experience

Libyan Society Member

Eastern Mediterranean University

Dec 2023 – Jul 2025

Kindergarten Classroom Assistant (Volunteer)

Local School, Tripoli

Oct 2019 – Nov 2019

Internship Experience

Almadar Aljadid Company

Tripoli, Libya

Backend Development Intern

Jul 2024 - Sep 2024

- Participated in the development of an **Employee Management System** as part of the backend team.
- Started by learning and applying essential **Git commands** for version control .
- Built **RESTful APIs** then integrated them with a connected database.
- Implemented and tested full **CRUD operations** to manage employee data securely and efficiently.

Certificates

- AWS Certified AI Practitioner Preparation (In Progress) – Manara Platform, 2026
- CFG Python Course (In Progress) – Code First Girls, 2026
- Certificate of Completion Introduction of AI- Elements of AI, July 2026
- Specialization certification in programming and soft computing – Jul 2025
- Certificate of Excellence Awarded in recognition of an outstanding Graduation project – Jul 2025
- Certificate of Contributions – doga College, Jun 2025
- Certificate of Completion foundation of UX design – Google, Aug 2025
- Certificate of Participation in the Libyan Night – Apr 2024
- Certificate of Attendance "**EmpowHER:Unleashing the potential of Female Students at EMU**" – Jun 2023
- Introduction to AI – GOMYCODE, Dec 2020
- Certificate of Honor – EMU (2024-2025)
- Certificate of Honor – EMU (2023-2024)
- Certificate of Honor – EMU (Fall Semester 2021-2022)
- Certificate of Honor – EMU (Spring Semester 2021-2022)

Languages

- English – Professional Proficiency
